

**In the next iteration the group plans to:**

- Make revised versions of the previously submitted 2 Full Use Case Descriptions “Select piece” and “Change colour blind settings” and revised version of the 2 Sequence diagrams for the above use cases.
- Analyse the “Give up” and “End Turn” use cases and for each produce:
  - 1) Fully Dressed Use Case Description
  - 2) Sequence Diagram (trace ‘happy paths’ only)
- Make a Logical Architecture Diagram
- Provide an application that includes functionality for at least the 2 new use cases submitted and make updates on the programming for the previous use cases
